

October 2017

Dear Valued Customer

It is our goal to ensure that you receive timely updates about FUJIFILM SonoSite products.

After four years of providing an ultrasound guided line placement solution, we announce the retirement of the SonoSite AxoTrack Needle Guidance Technology, including the SonoSite P11x Transducer and AxoTrack Procedure Kits.

AxoTrack was designed to make vascular access procedures faster and more precise by combing a specialized transducer and a disposable, sterile procedure kit, allowing the user to achieve up to 99% first-pass success rates.

AxoTrack disposable kits can be purchased from our partner, Vermed, until December 31, 2017, subject to availability. To place new orders with Vermed for AxoTrack Sterile Procedure Kits:

Call 1.800.669.6905

Visit [Vermed.com/AxoTrack](http://Vermed.com/AxoTrack)

Fax 1.888.658.4941

SonoSite P11x Transducers can be purchased from SonoSite, through your account manager, until November 30, 2017, with continued technical service and support until October 31, 2019.

SonoSite's product family has expanded significantly over the years to include a broad range of robust point-of-care ultrasound solutions enhancing the quality of care, patient safety, cost reduction, efficiency, and patient satisfaction. SonoSite has a solution to fit every ultrasound need in any clinical environment.

To find out more about FUJIFILM SonoSite products and End of Life information, please contact your local FUJIFILM SonoSite Representative or visit us at [www.sonosite.com](http://www.sonosite.com). If you have service questions, please contact Technical Support at 877-657-8118 or [ffss-service@fujifilm.com](mailto:ffss-service@fujifilm.com)

We sincerely thank you for your continued support and look forward to serving you in the years to come.

Sincerely

FUJIFILM SonoSite, Inc.
