

The Standard in **DURABLE, RELIABLE ULTRASOUND**

SonoSite builds durability and reliability into every ultrasound system we make, and back each one with a comprehensive warranty.*

**TECHNOLOGY DRIVEN
5-YEAR STANDARD WARRANTY**

Our systems and proprietary transducers are built tough: able to withstand a 3-foot drop, resist fluid contamination, and work in harsh conditions without pause.

With that kind of performance, it's no wonder that we've installed 100,000 ultrasound systems worldwide. In the unlikely event that your SonoSite system does need repair, our overnight loaner program minimizes costly downtime.†

Extend Warranty Coverage

Where available, SonoSite offers SonoProtect Service Agreements to maximize your warranty coverage with supplemental protection or SonoSite warranty extension. Visit www.sonosite.com to contact a customer service representative about purchasing a SonoProtect Service Agreement.

*Please see SonoSite's Terms and Conditions for detailed coverage information on warranty offerings. Terms may vary for veterinary products. Warranties are not transferable outside the country where the product is purchased.

†For iViz and X-Porte ultrasound systems: SonoSite will ship an exchange system or module that replaces the current system or module needing repairs.

SonoSite will only honor warranty on products purchased from authorized SonoSite Distributors.
